

## Student Entry Options

Choose the best fit for your school!

### Touch Screen

LunchBox allows you to bring your students into a transaction by simply touching their photo in their homeroom. Operators can also look up students by name or grade.

### Pin Pads

Students simply type their pin number on a numeric keypad. Options for Pin Pads include integrated scanner versions providing the additional ability to read ID cards.

### Scanners

LunchBox can utilize a variety of scanners to read ID cards or roster sheets.

Scanner types include hand held, stand mount and hands free bypass.

### Biometrics

Concerned about your students losing their ID cards or forgetting their pin numbers?

Fingerprint scanning may be right for your district.
